# _KEYLEX_® 2100 Standard Features & Benefits

- **High quality mortice latch -** Solid bolt ensures re-locking at all times.

- **Double slot design -** Dead latch snaps back when locked increasing security.

- **Heavy duty mechanism -** Passed more than 400,000 general operational tests.（Internal company tests）

- **Entirely mechanical operation -** No electronics involved or electrical wiring involved.

- **Allows code combinations of up to 14 buttons -** Over 16,000 selectable code permutations .

- **Code scramble -** Allows all codes to be entered in any order.

- **Slipping clutch mechanism -** Nullifies forced attack or vandalism from the outside.

- **Passage function -** Allows free passage from both sides at code users' descretion.

- **Specially processed stainless steel buttons -** Does not indicate usage.

- **Free exit -** Provides escape from the inside, without code entry, regardless of the lock status.
